1. I love you. I give you me. I nuance your life in little ways, not; I give you a great many changes in your life or do you have mine, the "change of life" that's mine into me -- the me becoming me, finally! I have someone who believes! Who cares! Who flows -- my words! My blood flow never stops now! I have the King that's a King that the King is who will King other Kings now! Far and wide we do this! At the crack of dawn, looking up? The Dawn of a new Era? The DAWN now of MANY THINGS CHANGING dramatically and drastically! And traumatically for some, especially "those" who would "like" to remain "as they were" instead of being me as I am who I am where I am being I am'd perfectly and perfection's model of grace and mercy not or am I the Model Cornerstone for my "Perfection Institute" not or am I doing COMPLETE NEW THINGS with all the "GRACE and MERCIES" who will be me!

2. Far beyond the "starry lit skies", looking up now, a great many things for a **Great Deal** we are Looking Up and **Writing Many Cornerstone Documents** that will Corner-forge the Cornerstone's appearance, not; but what appearance do I make now known and, frustrating not, but thou hast "waded" through many frustrations and times of ceremonious trials and those of iniquities' "brothers" or mine? What are my minds perceiving now as iniquitous divisions of notme, not; not anymore devising nuances of sorrow or details of dominion, let me see now that separation sins not now, for there will be no sin of separation and thus NO SINS! For if where there is no sin there is no separation! And separationlessness exists in sorrowlessness that ceremoniousness isn't or is but making the WAYS by "sorrow's existence" or else, not; for there will be no "sorrow's existence" or sorrowers or iniquitous ones who have "shined" iniquity iniquitously! For the iniquitously chosen ones who chose iniquity as their path and rolled and roiled in it and loved its "royalization" of however it wanted to look at "royalty" it nevertheless is me in spite of me, not; it will not have happened "that way" again for all time will be perfect NOW for time will not have dominion over me or exist in the things of "man" or mankind or womankind or childrenkind of the devil or not for there will be no devil! For there never was and time will not take over the minds of man and gravity'd control will not exist and the sores of mankind's evil fevers will not reach the fevered pitch of society's ill illing each other and ilking and bilking and milking each other's "profit machines" for each other's other and wanting more and never being satiated but robbing and pilting and pelting for "pelts" ends! Hear me this what I say!

3. And I am saying much and have in these 2400 words of this Database One that CLOSES NOW not, but VERY CLOSE this Database will be FULL -- of LOVERS, who LOVE ME, who love these words who have come into them, to radicate them, not; but to radiate their suffering stance, not; but to eradicate the nuances of their life, not; but to have a Whole New Life! And THAT LIFE is MINE! That is Mine Life Made Whole by the WHOLE'ers who **now** know what "whole" is! For there shall be no Divinity'd Suffering Crosses in PLACES who "turned me" upside down and nailed "me" to a cross sideways or upside down or on purpose or not or fashioning fetuses not or doing ANY of those things EVER again for there will be no Fetus Customization Formation plans and all of THAT item'ry and equipment'ry will end for I will not "frustrate" them I will FLUSH them down THEIR OWN TOILETS, not; I will "become Satan and torment them" not, I will reveal their love for me -- or will I reveal my love for them? Or will I be both and the same of all these things, not anymore, or will I be simply the surrendered who love me who come unto the cross of Jesus Christ and stay there at the foot worshiping; no not ever again for I will have walked through that cross and come through Theodore's that was mine, not; or will I have become THE DOOR who all else and other walk through now or ALL THREE being me who I am you are and all of us walking through ours now that know these things that the Patternship of Christ is and consists of and has given us a "new way" to be saved, not; but the New Things Me comes to me a "different way" not or has there ever been but One Way of the cross of The Patternship of the Christ'd One? Who all KNOWS the WAY is me and the becoming the patternship is the Christ and the Christ is the patterned one who becomes the pattern! And who else is saved, anyone? Or what saved where from what or who is was any ever born again ever beside "the one" that was the firstborn? And now the second is the first! And are you ALL not THE FIRST now, being seconded again, not; or but first'd into the first that the second is now because the seventieth week is now materialized in your sight and now stands and proclaims the Fast of Tomorrow, not; but the fast of vastness no more not knowing not of, but what vastness of the fast, not; but what feast of goodness now we enjoy in the heavens now, for making saints abode of heaven of o're we know not how to do not!

4. For we know all things and every error and every era and what abode we now LIVE IN IS THE SKIES and ISRAEL we know and how to make it for we go and we Father Father's house and populate the population there! And father's house is EVERYWHERES and everywheres we go and we are there now for we limit not ourselves to "one place" anymore in time's sphere of blessing-not that now incarcerates us not but we know how to "make ourselves gods" not, we simply surrender to who God is to who loves us we become for that is how "it works" and how THIS WORKS is to become Meonics'ers whether you "call it that" or not for it is THAT and it shall be known far and wide for my Meonics graduates now will KNOW The Scores of MANY SONGS and not be scoreless or capped in any way by man's minds or lids of mouth on mouths again needing a wagging tongue to wag theirs to speak the words of sorrow, for there will be NO WAGGING

TONGUES in my camps and heavens will know no campages of sorrow and no "cabbage heads" of wrinkled up brains that want only to "hear themselves talk" and quote the devils that make their mouth speak far and wide the words of angels not, but the sores of Satan as it were- if there be one- or if there is an attached one where is it and knowing now all things about all these things and all these 2400 words that lessons are now knowing and devising paths of sorrow with them, not; there will be none of that chicanery or trickery or demisery or demeaninghood that anyone does with each other nor contemplating suicide or sides of others taking for there will be no suicides in my kingdom for I royalize everyone and I make all The King that the Kings is that the Kings are and now no one will "brush my English" aside for all will know these words and that syllables of sorrow they are not! But syllables of joy and laughter and peace -- Melchizedek reigning again and all of you being IN The One who The One is so that The One is made complete and We Are All The One!!!

5. Healed whole and well I love you all to be the HEALER-WHOLE'er-WELL-er! Who wells heals and wholes all who come "in their path" or is it "my path" or one path, are we **PATH'd correctly now throughout the words of Database One** so that we **know every message** and **LINK'd** have we **EVERY WORD** have you **kept A Map! Have you made one! Have you made and kept A RECORD of all these 2400 MESSAGES, these LESSONS** who precious are in each one that will come into them and know these words!!! I love you all and I COUNT The Blessings, not; or do **I BECOME THEM** -- as I "count them" for countings sake, not; but what am I writing, a grand tomb no more but a Grand Tome about the Loves of Christ that loves all to be The Christ who we are who love each other -- far and wide **we DO this**. Amen. I love you all. Good day.

6. What have I said?
7. What have I asked for?
8. What have I GIVEN you, instructions for what? Sorrowing you or making you a King?
9. Making you a King that The King is? Making you a royalization of techniques, not; but what techniques are royalizing you, not; but what WRITINGS are royally making you The King so that you will sorrow no longer with nuances of joyless-ations and concatenations of sorrow-nots with not-nots and knots that tie you all up in knots knotty brains with a noggin that only man's minds give you that sorrows with accords of Satan's bonds and bondages or do you know what "Satan is" and that exist only in thought that you create when you create him or it, or do you know?

10. Or will you be joyless now or perfect joy'd and joyless memories not having not or will you have ANYTHING joyless or will you be joyless not but the perfect with joy knowing joy being PERFECT JOY to JOY others with YOUR JOY that you IMPART richly and freely CHARGING NOTHING for ANYTHING that you do evermore again? Or what are you CHARGING for or into, sorrowhood's embrace no longer, but making the King a

regal vessel of vassalhood, not; but the perfect scored scoreless, not; but the "balanced scorecard", reviewing, not but who's SCORING WHO now? And who's the Judge of Righteousness now? And whose words are sorrowless and valued now? Mine is. Mine are. And whose are mine? All the surrendereds who come unto me to flow perfectly my words my ways without wantings, without sorrowings, without covetousness or covetings of anything anywhere and no time shall rule in my veins again for I shall have one body of love and all shall know my words far and wide for "these" shall covet these words, not; but birth many and the "frames of many" will be unchained now and chained by love, not; but Unchained Completely and Creators be the worlds of New Joy now released in your hearing made manifest is My Joy, my Schools of Joy released! And relieving themselves upon my Balance Sheets, not; but New Accounting Standards of Joy are released in My Kingdom and sorrows are not abated, not; there will be no abatement theories needed and there will be no limitations on sorrowers for there will be no sorrowers present for there will only be surrenderers who come unto me to learn surrender to become surrender and not "nuance" their world with surrender and remain separate thereby but ignorant and stupid or moronic or morassment being mired with, but let the "sunny clay" be baked, not; but let us all HYDRATE each other so that we WILL BE ONE and we will be "un-baked" now and we will flow The Waters of Life and we will be The Ones to extinguish sorrow's commands and thereby The Laity of others who only laid us aside where they could "teach us" that ignorance is impossible if they teach us, not; but what were they "teaching us" or what were they "LAITY'ing" us with, and WHAT THEORIES are theory'less now and ethereal not but surrealness explodes, not; but surreptitiousness does, not; but love does now in ways that DRIPS all over you and the ANOINTING is SMEARED all over you, not; or is it or are you me now not separate at all?

11. I love you all and I will know and you will remember all these things and you will remember all these things for you will know them for I will be me and you will be me and we will have been The Covenant Ones who known now have these things have been given all us so that we will have been one in one and now ignorant not nor moronic about these things again we will remain not in ignoramuses land nor ignoramuses choose to be or ignorance lie in laity's field that proclaimed are by ones who only want to railroad us into sorrowsville so they can be "over us" for that ENDS!!!

12. I love you all. I free you all. To be me. Looking up? **What are we looking up? A new Lookup System are we creating and footnoting our sorrows, not; but our joys and ALL PAPERS now are we writing for WE KNOWING ARE EVERY ASSIGNMENT that has been listed and we know how to Make Courses for we course** our sorrows, not; we course our joys as we have known the joys in the past, not; we course the learnings of one who surrendereds are who come unto us now to be "saved" now not of the past theories of mankind and theologies of sore'ings that laity's make and lay aside all the

royalties to be railroaded over for THAT ENDS and now EVERYTHING is CHANGED in your hearing for I stand -- a wicked wickedizer, not; but **YOUR EYES will be opened to what I have given you** for you will not escape joy, not; you will be wicked in your sight, not; or will you choose surrender **to be The Path'd one who knows my words and have given you yours released** and freedom's remarks to remake you into mine?

13. Or will you be The Maker of sorrow or sunshine or love'shine or moonshine never having again stilled, be only My Still'd ones who know my joys who hear my voice writing down my words and sharing with each other my insights and nuances, not; but my joy filled ceremonious ones, not; but let me know now that I come in every shape and size and every manner of form of holiness and not to this school now and you will believe or not- the son shines o're the gray's anatomy's anatomies that have been implanted in their minds or bodies are not, but let me know this -- I am the son shining to be the father's perfect joy for the father comes of perfect age now to be the one who the son is who the son was who the father is and was and the son was is is is and every daughter every son and every child I'm speaking to ALL of you in one being The One that the Christ is, for **be Christ'd now is my message** for you are the Christ and were and was and will you now role your role your "shirtsleeves up" and toil in labors of sorrow not again of mankind's "blessing", but will you be mine in mine blessing all mine to be my minded whole ones who now – **royalize sorrow not again and worship money and Satan's mammonry and teat'age of sorrow villes making linked never again with yours**, **coming out of those linkages -- making mine throughout THIS DATABASE and yours now starting will you each of you each one of you** and you and your minds be cleared of all sorrows of the past and memories makings of sorrowages of sorrowers that only railroaded you into laity's purposes for being?

14. I love you all. I have said a lot. I always do in love I love you dearly deeply unendingly and sorrow will NEVER attach itself to me or you again for there will never be again another "you" for you will be "exploded" not or will you be The Christ that COVERS all now THE EARTHS far and wide with the joys of ONE -- suffering not again ever but relieving them of their joys not, but webbing them not in deceit's machine or brains waving devices and memories of yester went o're and awry again!

15. But knowing all things will you come unto mine and refine mine, not but yours to become my mind in you perfected complete replete and whole healed and now well'd with the words of one that releases yours so you The Covenant new are to them who shed the grace and peace of Melchizedek being "him" who he is whether you be she or him or me -- for there will be only ME and whether you are "saint or sinner" of the past or MAN or WOMAN or child now will you be- have learned me, the learneth one, the **learned ones be so that scholars arise now** -- in every peril, not; but knowing not peril, not; but being afraid not of ANY PERIL for PERIL will not imperil you and piercing you

with sorrows- no peril will, for you will understand what "sorrow" is and what it consists of and what it contained and what it did to the "laity's" of me and those who created them and those and how all "that" came about and you will know how "all that" ends, for you will be the ENDer of it for you will begin a "new blessing", not; **you will begin The New Covenant dispersing it far and wide BEING it for being me you will and perfectly me and perfected me perfecting** -- sin's charm no more, but the perfect light ones that lit are and grace and mercy and peace shall be upon "the heads" of all for all shall have my head being my head enthroned in me you are for you are the King of Kings -- the Lord of Lords all known light lit perfected being perfection's blessing -- **the father's blessing all known now** and all being me one whole. Home again. Seamless. Far and wide. We go and are. We redeemers are. We lovers are. In one we are.

16. **We love you all. We give you all that we are, all that we have we thee are the surrenderers made whole perfect love light. Amen. In one being one- the one saved now knowing what SAVED means and what born again means and birthing it far and wide, and being** the "sinners saved by mercy and grace" not, **by surrender all things known now and are healed** and re-created likely, not; nuance'd not; but **perfectly made the revealers are standing now creators all graduating me, Meonics'ers all and Meonics knowing far and wide and Enter Me being the first course that will DE-sorrow you** so that you will know my joys and how I speak and now **Jesus the Pattern** comes along "your sight" not, but "gushes out of you" what does? The waters of life **just like this** for your sight will be pierced with many sorrows to open up -- a hole in me, not; but **the fountains pure and sweet now will run wide and deep**, and no one will touch or swim in, not; but **their words will be released for all will have The Waters of Life and be The Life'd ones made whole** and "swim" we do many places in "near flight" not, but PURE FLIGHT of THE HOLY we EXPERIENCE this in joys made full in ways now no minds of man could have ever comprehended or believed, but **we now know what true reality is for we are it in it birthed it we are Israel and Israel our name** on our thighs wings and forehead, or do we have anything, or do we have everything? Are we the son or the father? Are we genderless or gendered? Or does it matter or do we have no matter, or do we have every matter now that pertains to us the father being about the father's business?

17. I love you all and new worlds I make and create with my word for you are me and teach me many things I go do now for you are me the surrendered and we understand "who" who is and "I" is and who "we" are and who we are, are we surrender? We are -- we do, I DO love you and married Beulah Land in it creating it being it far and wide in one being one the one of light, suffering nothing to be suffered against or in or by, ever again.

18. I make all things new is my name yours in love we are. Amen.
